1. We caution you to always lock your car and home, even while home.
2. If you own a gun, do not leave it in your vehicle, even if it's locked.
3. There have been reports of residents driving golf carts at night without their lights on. This is very dangerous and makes it difficult to be seen by others.
4. Please do not give out your gate code.
5. STOP at Keiths Circle. There have been some near misses lately. Speed bumps could be in your near future!

Since I have taken the position of president of the HOA the one request/complaint I have heard the most pertains to the newsletter.

Everyone in the park will now receive a hard copy of the newsletter. You will also have the availability to view the newsletter online, but because this is all new we are not sure yet how to move it to our website. But you can view it and it's very simple at:

2. Scroll to Sundance

For the snowbirds, when you return to the park please contact your street captain to get a current newsletter and let them know you're back so they can add you to their list.

EASY PEASEY!!

We really hope you enjoy the new newsletter as a lot of time and work has gone into bringing it back.

LET'S TALK ABOUT FLAGS

First of all, thank you to those who proudly fly our American Flag.

Please be aware Florida weather is extremely harsh on flags. Please keep a watchful eye on your flag and replace it when in disrepair and discard it properly.

There is a drop box for old flags in the library. They are picked up and taken to the Zephyrhills, Moose where an Annual Flag Burning Ceremony is held.

"Our Flag does not fly because the wind blows it: it flies with the last breath of every soldier who died defending it"

October Recipe

It's SOUP TIME and you can personalize this one and make it your own. Serve it creamy or add a cup of water to make it more "soup like." Either way it will delight your taste buds. You might even try adding spinach for a hearty meal. This will bring back memories of when the air was crisp and a warm bowl of soup hit the spot. All you might be missing is a fireplace! if you make it, send us a picture and a review. Happy Cookin

Creamy Parmesan Italian Sausage Ditalini Soup

- 1 lb Italian sausage, casings removed
- 1 tbsp olive oil
- 1 small onion, diced
- 2 cloves garlic, minced
- 1 can (14.5oz) diced tomatoes, drained
- 4 cups chicken broth
- 1 cup heavy cream
- 1 cup small pasta (ditalini or elbow)
- 1 cup shredded parmesan cheese
- 1/2 tsp dried basil
- 1/2 tsp dried oregano
- Salt and pepper, to taste
- Fresh parsley, chopped (for garnish)

Directions:

1. Cook the Sausage: Heat olive oil in a large pot over medium heat. Add the Italian sausage breaking it up as it cooks until it is browned. Remove the sausage from the pot and set it aside.
2. Sauté the Aromatics: In the same pot, add the diced onion and minced garlic. Cook until the onion is translucent, about 3-4 minutes.
3. Add Tomatoes and Broth: Stir in the drained diced tomatoes, chicken broth, dried basil, and the oregano. Bring the mixture to a boil.
4. Cook the Pasta: Add the pasta to the boiling broth mixture and cook until it is al dente, approximately 8-10 minutes.
5. Make it Creamy: Reduce the heat to medium-low. Stir in the heavy cream and shredded parmesan cheese, allowing the cheese to melt and thicken the soup.
6. Add Sausage Back In: Return the cooked sausage to the pot, stirring to combine with the soup. Season with salt and pepper to taste.
7. Serve: Ladle the soup into bowls, garnish with freshly chopped parsley, and enjoy this hearty Italian-inspired meal!

Prep Time: 10 minutes | Cook Time: 25 minutes
Total Time: 38 minutes | Servings: 6

This is Cooper. He is my little Australian Shepherd wiggle butt. He is 5 1/2 years old and we have had him since he was 8 weeks.

He is my service pet and although most service animals are not to be petted while serving he was trained to be friendly.

He loves people, especially children, and most animals. He doesn't bother with

the squirrels or birds, but he's very curious about cats!

So don't be surprised when you stop by if he runs out to greet you, because he loves visitors. I call him my little Walmart Greeter! LOL

Send us a picture and tell us about your pup!!

THAT MOMENT WHEN YOU'RE WORRIED ABOUT THE ELDERLY

Hurricane Tips for Pets

In the event of a hurricane, it is crucial to have a well-prepared emergency kit for your pet. The number one instruction for pet owners is to **bring your pets with you when evacuating**.

Pets that help people with disabilities are allowed in General Population Shelters and Red Cross Shelters as long as they meet the requirements for service animals under federal law. However, only select emergency shelters accept regular pets (non-service animals), so finding a pet-friendly shelter may be difficult.

Contact your local emergency management agency for information about which emergency shelters allow pets. Try to call the shelter before you go, as some pet-friendly shelters may require advance notice. Your local humane society or veterinary hospital may also have information about where you can take your pets during an evacuation.

Instead of a shelter, you can also go to a pet-friendly hotel or motel. Have a list of pet-friendly lodging handy in case you need to evacuate quickly.

Here are the essential items to include in your pet's emergency kit:

- **Food and Water:** Ensure your pet has access to safe food and water, even if the water is not drinkable.
- **Medications:** Bring your pet's medications, especially if they require them for their health.
- **Toiletries:** Include items like pee pads, paper towels, and similar items for your pet to use while out and about.
- **Microchip:** Make sure your pet is microchipped for easy identification if separated.
- **Identification:** Bring your pet's collar with ID tags displaying contact information.
- **Vaccination Records:** Have proof of your pet's vaccinations and other important documents. These items will help ensure your pet's safety and comfort during a hurricane. Remember to regularly check and update your supplies, rotating food and medications as needed.

With a little planning and preparation, you can keep your furry companions safe and secure during the most challenging times.
